3 YOUR LICENCE TO USE THE APP AND ANY CONTENT AND SERVICES

- 3.1 We licence you to download and use the App provided you follow the rules described in these terms and any relevant app store rules.** This means that you do not own the App or any of its contents (and that the App and its contents (and the selection and arrangement thereof) will at all times belong to us or our licensors) but that you may use it as permitted by these terms and the relevant app store rules. The licence:

 - 3.1.2** is for non-business use only;
 - 3.1.3** starts when you download the App;

 - 3.1.5** also covers updates to the App unless they come with separate terms, in which case we will give you an opportunity to review and accept the new terms.
- 3.2** If you sell or give away the device on which you have downloaded the App, you must first remove the App from the device. You should also remove any related data.
- 3.3** You are allowed to view, download and print out Content from the App for personal use only in accordance with these terms. All other copying, whether electronic, hard copy or in any other format is prohibited. Save as set out in these terms, we reserve all other rights in the App, the Content and the Services.
- 3.4 Nothing in these terms gives you any rights to use, copy, modify or distribute the App or the Content other than as necessary for you to access and use the App and receive the benefit of the Services in accordance with these terms for your own personal, non-business use.** You are not allowed to:

- 3.6 If any third party claims that the App or your use or possession of the App infringes their intellectual property rights, we will be responsible for investigating the claim and, where appropriate, for defending, settling and/or discharging it.** The app store will not have any responsibility for any such infringement.

4 USING THE APP, TECHNICAL REQUIREMENTS, REGISTRATION AND SUPPORT

- 4.1 The functionality of the App and the provision of the Services is reliant on your device having access to the internet and data networks via third party infrastructure and devices and operating a supported operating system.** We are not responsible for the provision of any such third party infrastructure, devices or software and, if you want to use the App and access the Services you should ensure that you have sufficient internet connection available. You agree that you are solely responsible for all costs and expenses you may incur in relation to your use of the App. You should be aware that certain functions of the App require the downloading or streaming of data. Using too much data might mean that you exceed your data limit and you could face paying more than you were expecting.
- 4.2 The App is not designed to be used outside of the UK.** You should not access or use the App or receive the Services from locations outside of the UK. Please see clause 8.5 in respect of our and your responsibilities if you do choose to access the App or receive the Services from locations outside of the UK in breach of these Terms of Service.
- 4.3 We try to make the App as accessible as possible.** If you have any difficulties using the App, please contact us using the contact details at clause 2.1.
- 4.4 To use the App, your device needs to comply with the minimum requirements for the App as set out on the relevant app store.** We may update these minimum requirements from time to time as we update the App or add additional functionality.
- 4.5 Use of the App will require registration.** We are not obliged to permit anyone to register with the App and we may refuse, terminate or suspend registration to anyone at any time. You are responsible for making sure that your password and any other account details are kept secure and confidential. If we have reason to believe there is likely to be a breach of security or misuse of the App through your account or the use of your password, we may notify you and require you to change your password, or we may suspend or terminate your account. Any personal information you provide to us as part of the registration process will be processed in accordance with our Privacy Notice referred to at clause 15 below.
- 4.6 We are responsible for customer service in relation to the App and any Services and can help if you are having any issues.** You should contact us using the details set out at clause 2.1 above. You acknowledge that the app store has no obligation whatsoever to provide any support or maintenance services in relation to the App or any Services, although if the App is faulty you may be entitled to claim a refund from them, as described at clause 8.1 below and the app store rules.

5 THE SERVICES AND LIMITS ON THE SERVICE THAT WE ARE ABLE TO PROVIDE

Please read this clause 5 carefully as it sets out important details about the scope of the services that we provide to you and the reliance that you should place on the information that we provide

- 5.1** In these terms, we refer to the following features of the App as the “**Services**”:
- 5.1.1** collecting information from you in respect of your symptoms and condition through a number of questions and movement tests in order to allow our physiotherapists to assess your condition and determine the best course of action for your recovery needs, including screening for any urgent care requirements;
 - 5.1.2** our physiotherapists setting a personalised treatment programme consisting of video exercises that are specific to your pain or condition and that you are to follow remotely;
 - 5.1.3** collecting feedback about the exercises from you which is used by our physiotherapists to adapt and evolve your programme with different exercises;

- 5.1.4 a check in function to allow you to track and report progress;
- 5.1.5 receive and answer questions from you, whether in writing via a chat function or by voice or video call; and
- 5.1.6 any other enhanced services that we may make available on the App from time to time.
- 5.2 Where appropriate to do so, we may provide you with some generic exercises that you may decide to follow remotely before our physiotherapists have reviewed the information that you have provided in order to set your personalised treatment programme,** however, in such a case you acknowledge that such exercises are generic in nature and are not prescribed specifically for you or in light of the information that you have provided as part of your assessment (other than in respect of the general body area) and that the provision of such generic exercises do not form part of the Services. You should decide whether to commence such generic exercises or to wait for a personalised treatment programme to be prescribed for you taking into account your own knowledge of the symptoms that you are experiencing and any pain that you may be suffering but if you are unsure you should wait for your personalised treatment programme to be prescribed by one of our physiotherapists before commencing any exercises. The provision of any generic exercises under this clause 5.2 forms part of the Generic Advice as defined in clause 7.1 and the limitations set out in clause 7.1 in respect of Generic Advice apply equally to details of any generic exercises that may be provided under this clause 5.2.
- 5.3 The App is not a medical device and our Services are provided remotely.** The App is designed to provide a convenient method of, and to facilitate, communication between you and our trained physiotherapists and it should not be treated as a medical device. Some conditions are not suitable for remote assessment or advice and the App and our Services are not intended to be used in relation to any condition or symptoms that require urgent medical attention. We may recommend that you seek further medical advice from a doctor, physiotherapist or other healthcare professional, in which case you will be responsible for seeking such further medical advice. If your condition is an emergency or otherwise requires urgent treatment, or we advise you to seek emergency medical assistance, then immediately seek medical assistance by contacting 999 or 111.
- 5.4 The assessment and the information given on the App is not intended to be (nor should it be considered to be a substitute for) professional medical advice.** Whilst the App has been designed by medical professionals in order to collect information from you so that our physiotherapists can create a bespoke treatment plan for your condition, as we have not carried out an in-person assessment or any physical examination, it is not intended to provide a formal medical diagnosis. Our clinicians use the information you provide in order to seek to manage your symptoms and improve function by providing rehabilitation management advice, including exercises. It is not an alternative to getting medical advice from a doctor or other healthcare professional. You should not disregard any medical advice, or discontinue any treatment that has been prescribed to you, on the basis of the information on this App.
- 5.5 Neither the App nor our Services are designed to be used by anyone under 18 years of age and anyone under 18 years of age should seek medical advice from a GP or other relevant medical expert/health professional.** We may suspend or terminate access to the App or our Services if we reasonably suspect that they are being used by anyone under 18 years of age.

6 YOUR OBLIGATIONS

Please read this clause 6 carefully as it sets out your obligations when using the App and receiving the Services. Failing to do so may make your injury or condition worse.

- 6.1 In order to allow us to provide the Services to you, it is important that you provide us with the information that we need in order to help you and that you comply with these terms as well as our Instructions of Use.** If you fail to do so then this could make your injury or condition worse.
- 6.2 You must ensure that:**
- 6.2.1** any information you give to us, including as part of your assessment or when giving feedback, is accurate and that you answer any questions fully. You should tell us if any information you have given to us is or becomes inaccurate or incomplete or misleading;
- 6.2.2** if you are unsure as to how to answer any particular question or undertake any exercise or if you have any concerns about the Services we provide or any information on the App, you contact us using the email address or telephone number set out in clause 2.1 above or seek further medical advice from a healthcare professional;
- 6.2.3** in performing any exercise that we recommend, you follow any instructions you are given by us, including following the correct technique for each exercise, as well as in respect of the number of sets or repetitions and frequency per week. Whilst we have tried to ensure that our instructions (whether given in videos, in writing or otherwise) are clear and easy to follow, if you are unsure of how to correctly complete any exercise then you should stop immediately and contact us using the email address or telephone number set out in clause 2.1 above for further guidance;
- 6.2.4** you should only carry out exercises that you are comfortable with and you should stop immediately and contact us using the email address or telephone number set out in clause 2.1 above if you experience any severe pain or discomfort or you experience any adverse or unexpected effects. You should not carry out any exercises you have been told by any medical professional not to undertake or if you have any other concerns with the exercises that you have been set;
- 6.2.5** you seek advice from a healthcare professional in person if you are unsure whether you have been able to explain or communicate your symptoms through our Service or follow the exercises we recommend or if you have any concerns about the advice you receive from us or if it is different from other advice you have received from another healthcare professional.
- 6.3 You should not allow anyone else to access your account or otherwise allow anyone else to directly or indirectly benefit from the Services.** The Services that we provide are based on the information and feedback that you provide to us as part of our initial assessment and during your ongoing use of the App. As such it is important that you do not allow any other person to access your account or otherwise allow anyone else to directly or indirectly benefit from the Services. This includes not providing anyone else with details of the exercises that have been provided to you or any other advice or information arising from our provision of the Services. Any such exercises or advice or information may not be suitable for any other person or any injury, condition or symptoms that they may be experiencing; it could make any such injury, condition or symptoms worse. If, despite this clause 6.3, you do allow any other person to access your account or allow anyone else to directly or indirectly benefit from the Services, including providing anyone else with details of the exercises that have been provided to you or any other advice or information arising from our provision of the Services, then:
- 6.3.1** such other person should not rely on the outcome of any such Services or any such advice or information and we owe no duty or other responsibility to any such other person in connection with their use of the App or the Services or any reliance they may place on the outcome of any such Services or on any such advice or information; and
- 6.3.2** to the extent that we are allowed to do so by law, we exclude all responsibility for any loss or damage that they suffer as a result of their access or use of the App or Services or any reliance they may place on the outcome of any such Services or on any such advice or information; and

- 6.3.3** without limiting any other legal rights that we have available to us as a result of your breach of these Terms of Use, you shall fully reimburse us on an indemnity basis in respect of any loss or damage that we suffer as a result of you allowing any other person to access your account or to directly or indirectly benefit from the Services, including providing anyone else with details of the exercises that have been provided to you or any other advice or information arising from our provision of the Services, including any loss or damage that we suffer as a result of any claim(s) made by any such person against us.

7 OUR PROMISES TO YOU AND YOUR ACCEPTABLE USE OF THE APP

This clause 7 sets out certain promises that we make to you in respect of the App and the Services and also sets out certain promises from you, as well as your responsibility if you fail to comply with those promises. You should read it carefully.

- 7.1 While we endeavour to ensure that the App and the Content is accurate, complete and up-to-date, and we will provide the Services with reasonable care and skill, we make no promises as to the accuracy, completeness or fitness for purpose of any generic information available on the App or that such generic information meets any of your specific health or medical requirements.** In addition to the provision of the Services we may provide generic health and wellbeing information, including information, opinions or views given by health professionals about health and wellbeing issues and general educational materials, advice and guidance about particular conditions and details of generic exercises that may be of benefit people with particular symptoms or conditions (including those as referred to at clause 5.2 above) (which we refer to collectively in these terms as “**Generic Advice**”). The provision of such Generic Advice does not form part of the provision of the Services, even though we may provide access to certain Generic Advice to allow you to better understand your pain or condition. Such Generic Advice is provided as a general guide only and is not intended to be interpreted as medical or other professional advice. Such Generic Advice will not be tailored to your specific circumstances and may not meet your specific needs. It should not be relied upon or treated as a substitute for specific advice relevant to your particular circumstances and we provide no promises that such Generic Advice will be accurate, complete or fit for purpose. Any specific medical advice should be sought from a doctor or other relevant health professional.
- 7.2 We make no promises that the:**
- 7.2.1** App or the Service shall be available to you at all times and without interruptions, faults or disturbances;
- 7.2.2** use of the App or the Service shall lead to certain results and in particular although we will provide the Services with reasonable care and skill we make no promises about the information on the App or the Services being able to make any health or medical condition better.
- 7.3 We operate anti-virus and malicious software prevention measures on the App but we cannot guarantee that the App, the Content or any software of any nature available on, downloaded or otherwise obtained from the App, will be free from viruses or other harmful code.** We will not be responsible to you in the event that the App, the Content or any such software contains any viruses or other harmful code. You should therefore ensure that your devices used to access the App and the Services are protected against viruses and harmful code.
- 7.4 You shall only use the App in a manner that is consistent with these terms and in such a way as to comply with all applicable laws and regulations. In particular, you promise that you will not, nor attempt to, use the Service and/or the App to do any of the following things:**
- 7.4.1** break the law or encourage any unlawful activity;
- 7.4.2** send or upload anything that is (or might be considered to be) defamatory, offensive, obscene, discriminatory or otherwise unlawful;
- 7.4.3** infringe our or any else’s intellectual property rights (for example by using or uploading someone else’s content or any content that you do not have the right to use or upload);
- 7.4.4** transmit any viruses or other harmful code or insert or knowingly or recklessly transmit or distribute a virus or other harmful code into our network or computer systems;
- 7.4.5** try to gain unauthorised access to computers, data, systems, accounts or networks (whether belonging to us or a third party);
- 7.4.6** deliberately disrupt the operation or anyone’s website, app, server or business (including ours); or
- 7.4.7** assist, encourage or permit any other person to do any of the things described in clauses 7.4.1 to 7.4.6 above.
- 7.5** You may not create a link to the App from another website or document(s) without obtaining our prior written consent.
- 7.6** You agree to be fully responsible for any costs, claims, damages and expenses which we incur as a result of any claim arising from your failure to comply with clause 7.4 or 7.5 above.

8 OUR RESPONSIBILITY TO YOU

Please read this clause 8 carefully as it sets out important details about the extent of our liability to you.

- 8.1 If the App fails to meet the standards required by law (including that the App is of satisfactory quality, fit for purpose and as described), please contact the app store for a full refund of the price you paid for the App.** The app store has no other responsibility or obligation in relation to the App beyond providing a refund in such circumstances. Any other claims, losses, liabilities, damages, costs or expenses will be our sole responsibility, including claims:
- 8.1.1** that relate to product liability;
- 8.1.2** that the App fails to conform to any applicable legal or regulatory requirement; and
- 8.1.3** arising under consumer protection, privacy or similar legislation.
- 8.2 If we breach these terms or we have failed to use reasonable care and skill in providing the Services to you or are negligent, and you suffer loss or damage as a result, we are responsible for compensating you for that loss or damage if it was a foreseeable result of our breach.** By foreseeable we mean that, at the time that the contract was made between you and us on the basis of these terms, either it was clear that such loss or damage would occur or you and we both knew that it might reasonably occur, as a result of something we did or failed to do.
- 8.3 Except for any legal responsibility referred to in clause 8.6 below, we are not legally responsible for:**
- 8.3.1** any loss or damage that you suffer that was not foreseeable to you and to us when the contract was formed between you and us on the basis of these terms were formed;

- 8.3.4** any loss or damage that you suffer as a result of you accessing or using the App or receiving the Services from locations outside of the UK, as set out in clause 8.5;
- 8.3.5** any business losses, including loss of profits, loss of goodwill or loss of business opportunity;
- 8.3.6** any losses to non-consumers.

- 8.4 If the App damages your device or any software installed on it as a result of our failure to use reasonable care and skill, please let us know.** If we can, we will repair the damage. If that is not possible, we will compensate you. We may ask for more information (including photographs) about what has happened so that we can understand the nature of the problem.
- 8.5 You should not access or use the App or receive the Services from locations outside of the UK.** We make no promise that the App is appropriate for use in locations outside of the UK. Whilst we hold medical malpractice insurance, our insurance cover does not include cover in respect of any Services provided in locations outside of the UK. Accordingly, if you choose to access the App or receive the Services from locations outside the UK in breach of these Terms of Use, you acknowledge and agree that:
- 8.5.1** you do so at your own initiative and are responsible for compliance with local laws where they apply and for any loss or damage that you suffer as a result of you accessing or using the App or receiving the Services from locations outside of the UK;
- 8.5.2** we owe no responsibility to you in respect of you accessing or using the App or receiving the Services from locations outside of the UK and to the extent that we are allowed to do so by law, we exclude all responsibility for any loss or damage that you suffer as a result of you accessing or using the App or receiving the Services from locations outside of the UK in breach of these Terms of Service; and
- 8.5.3** without limiting any other legal rights that we have available to us as a result of your breach of these Terms of Service, you shall fully reimburse us on an indemnity basis in respect of any loss or damage that we suffer as a result of you accessing or using the App or receiving the Services from locations outside of the UK, including any loss or damage that we suffer as a result of any claim(s) made by you against us in respect of your use of the App or receipt of the Services (including claims for breach of contract and/or negligence) not being insured under our medical malpractice insurance policies due to accessing or using the App or receiving the Services from locations outside of the UK.
- 8.6 Nothing in these terms excludes or limits our liability for any death or personal injury caused by our negligence, liability for fraud or fraudulent misrepresentation, or any other liability that the law does not allow us to exclude or limit.**
- 8.7 The limits on our responsibility to you as set out in these terms shall not apply to any face to face in person treatment provided by us at one of our clinics.** Where you are a patient receiving face to face in person treatment from us at one of our clinics our responsibility to you in respect of such face to face treatment shall be as set out in the Ascenti Patient Terms (<https://www.ascenti.co.uk/terms-conditions>).

9 FAILURES OF NETWORKS OR HARDWARE AND OTHER EVENTS NOT REASONABLY IN OUR CONTROL

- 9.1 The App relies on a number of things working properly to enable you to enjoy all of its features.** Many of these, such as your internet connection, your device and the app store, are entirely outside of our control. Although we will do everything that we reasonably can to resolve any issues, we are not responsible to you if you are unable to use all or any part of the App, or if we otherwise fail to perform, or are interrupted or delayed in performance of, any of our obligations under these terms because of:
- 9.1.1** a poor internet connection or any other non-availability or failure of any telecommunications or computer network provided by you or any third party;
- 9.1.2** a fault in your device or a component in your device or any other equipment provided by you or any third party;
- 9.1.3** an issue with the app store or any other application, software or system operated or provided by you or any third party; or
- 9.1.4** any other event or circumstances that it would not be reasonable to expect us to control.
- 9.2** In addition, we may temporarily suspend access to the App and the Services without notice in the case of system failure, maintenance or repair or for reasons beyond our control. We will endeavour to provide you with reasonable advance notice of any scheduled downtime in order to carry out planned maintenance, repairs or updates.

10 UPDATES TO THE APP

- 10.1 We may update the App from time to time for reasons that include fixing bugs or enhancing functionality.** We might also change or remove functionality but if we do that we will ensure that the App still meets the description of it that was provided to you at the time you downloaded the App. Updates will either download automatically or you may need to trigger them yourself, depending on your device and its settings.
- 10.2 We strongly suggest that you download all updates as soon as they become available.** Depending on the nature of the update, the App may not work properly (or at all), or you may be exposed to security vulnerabilities, if you do not keep the App updated to the latest version that we make available.

11 EXTERNAL SERVICES AND SITES

- 11.1 The App may contain hyperlinks or references to third party websites or otherwise enable you to access services and websites that we do not own or operate.** We refer to these collectively below as “External Services”.
- 11.2 Access to any External Services or hyperlinks or references to External Services are provided for your convenience only and we are not responsible for examining or evaluating the content or accuracy of these External Services.** The display of a hyperlink or the reference to any External Services or the ability to access any External Services by way of the App does not mean that we endorse those External Services or any products or services available from such External Services. You will need to make your own independent judgement regarding your interaction with any External Services (including the purchase or use of any products or services accessible through them) and any use of such External Services is at your own risk. We have no control over External Services and accept no legal responsibility for any content, material or information contained in them.
- 11.3 Your use of any such External Services may be governed by the terms of that third party.** Before using any External Services, make sure you have read and agreed to the terms on which they are being offered to you, including the way in which they may use your personal information.
- 11.4 You must not use any External Services in any way that:**
- 11.4.1** is inconsistent with these terms or with the terms of the External Service; or
- 11.4.2** infringes our intellectual property rights, or the intellectual property rights of any third party.
- 11.5** From time to time we may change or remove the External Services that are made available through the App.

12 ENDING THE AGREEMENT BETWEEN YOU AND US

- 12.1 We can end the agreement between you and us for the provision of the App and the Services if you do not comply with any part of these terms.** As an alternative to ending the agreement, we may decide to suspend your access to the App and the Services. We will give you a reasonable amount of notice before the agreement ends or we suspend your access to the App and the Services but if what you have done is serious then we may end this agreement immediately and without advance notice to you. “Serious” means that you are causing harm (or attempting to cause harm) to other users, interfering with the operation of the App or doing anything else that

we think presents a big enough risk to justify us ending the agreement quickly. Without limiting the foregoing, we may immediately suspend your access to the App and the Services where we have reasonable grounds to believe that you are accessing or using the App or receiving the Services from locations outside of the UK. Your access to the App and the Services will also end at the end of the relevant subscription period unless you renew your subscription via the app store in accordance with the app store rules.

12.2 We may also end the agreement between you and us for the provision of the App and the Services other than in the circumstances we refer to in clause 12.1 above (including where we decide to withdraw access to the App or the provision of the Services via the App).
